XboxMediaCenter (XBMC) 05-12-2005 CVS T3CH build

Soumis par redrum
28-11-2005

Nouvelle compilation du cvs de Xbox Media Center par T3CH, voilà le changelog complet:

- 05-12-2005 fixed: saving playlists
- 04-12-2005 fixed: memory leaks in video renderers
- 04-12-2005 added: critical section tracking for dlls (should fix some small memory leaks)
- 04-12-2005 added: dvdplayer initial ff/rw support in dvdplayer. only available in debug builds.
- 04-12-2005 changed: cleanup of dvdplayer audio/video rendering with added support for dropping frames in decoder.
- 04-12-2005 fixed: dvdplayer memory leak in libdvdnav
- 04-12-2005 fixed: '/' is not allowed in passwords in samba shares
- 04-12-2005 fixed: [1335817] Stacking isn't working when CD is autoplayed
- 04-12-2005 fixed: [1371200] Video Info - cast - page up/down broken in 16x9.
- 04-12-2005 fixed: [1295019] Wrong play/pause icon displayed in menu (videoOSD) during fast forward. - Check musicOSD's as well.
- 04-12-2005 fixed: [1265343] Show FreeMem Display Not Visible in 1080i
- 04-12-2005 fixed: [1364937] Webserver crashes on "TakeScreenShot" action
- 04-12-2005 fixed: [1280366] keyboard.isConfirmed() not working properly. CGUIDialogKeyboard::IsDirty() changed to IsConfirmed() - returns true if done is pressed.
- 04-12-2005 fixed: [1276227] PrintScreen on keyboard wasn't working (incorrect key value)
- 04-12-2005 fixed: [1329312] Wrong Background in HomeScreen after playing Music/Videos in PM3.
- 04-12-2005 added: Improved sorting routine speed throughout.
- 04-12-2005 added: manual browse for subtitle.
- 03-12-2005 fixed: after last samba modification, dates did not display correctly anymore.
- 03-12-2005 changed: set artist thumb in my music library view now lets you choose a .jpg/.tbn with the filebrowser instead of letting you assign a album thumb to the artist.
- 03-12-2005 fixed: better manual directory handling when ripping cds without cddb.
- 02-12-2005 added: playlists can be queued in library view
- 02-12-2005 changed: IMDB downloaded thumbs will now show up for all files in stack when unstacked.
- 02-12-2005 changed: samba strips of all '/' at the end of a path (hopefully it fixed the samba error success message)
- 02-12-2005 changed: Made stick + trigger reading independent (fixes small issues with sticks being offcenter intefering with the triggers)
- 02-12-2005 added: Bitrate tag to http command getCurrentlyPlaying.
- 02-12-2005 fixed: Added further DVD layer change hacks.
- 01-12-2005 fixed: IMDB downloaded thumbs for stacked titles
- 01-12-2005 fixed: .tbn thumbnails for stacked titles based on the first stacked filename
- 01-12-2005 fixed: .nfo files for stacked titles based on the first stacked filename
- 01-12-2005 added: File Browser Dialog - requires skinning
- 01-12-2005 fixed: Path history was incorrect for media windows started with XBMC.ActivateWindow(window,path)
- 01-12-2005 fixed: Memory leak in multicoloured text rendering (edit, rss controls)
- 30-11-2005 fixed: [1330862] Bookmarks OSD Window does not disappear on video end.
- 30-11-2005 fixed: Notifications cause stack overflow if the stack dialog is on screen and left or right is pressed.
- 29-11-2005 updated: German language file
- 29-11-2005 updated: German (Austrian) language file (Thnx to CEOMR)
- 29-11-2005 updated: Norwegian language file (Thnx to vnm)
- 29-11-2005 updated: French language file (Thnx to modhack)
- 29-11-2005 updated: Dutch language file (Thnx to tijmengozer)
- 29-11-2005 fixed: file sizes were missing in my videos.
- 28-11-2005 fixed: Stacked .nfo file paths were incorrect.
- 28-11-2005 added: Workaround for ReadFile() returning incorrect data at the DVD layer change - requires special version of libdvdcss-2.dll (rename from libdvdcss-2.dll_layerchangehack).
- 28-11-2005 fixed: Notifications were only showing if Kai was enabled.
- 28-11-2005 fixed: Shuffle in Slideshow screensaver was disregarded.
- 28-11-2005 added: Support for comma's in stacked file names.
- 28-11-2005 fixed: same navigational bug in my pictures.
- 28-11-2005 fixed: small navigational bug in my videos.
